

Planning your promotion

8 Things to remember in planning your promotion:

- * Always consider the relevance to your target market.
- * Be as innovative as possible. People will always talk about good ideas.
- * Always give quality, even for inexpensive items (remember: you are putting your name on it!)
- * Consider if your logo is suitable for the product. If not, use a different version (one colour or reversed).
- * Make your requirements clear to the company you are buying from so they come up with suitable ideas
- * Consider special packaging for the products to raise its image.
- * Consider how the items will be distributed. Will they be posted or will sales reps drop them off?
- * Plan enough time for delivery to avoid stress over deadlines - especially for imported products.
